Eligibility

No eligibility rules or variations in rates will be imposed based on Your health status, medical condition, claims experience, receipt of care, medical history, genetic information, evidence of insurability, disability, or other health status related factor. Coverage under this Plan is provided regardless of Your race, color, national origin, disability age, sex gender identity or sexual orientation. If our records show that Your Group has a waiting period that exceeds the time period permitted by applicable law, then the Claim Administrator reserves the right to begin Your coverage on a date that we believe is within the required period. Regardless of whether we exercise that right, Your Group is responsible for Your waiting period. If You have questions about Your waiting period, please contact Your Group.

Enrollment and Effective Date of Coverage

No person meeting Subscriber or Dependent eligibility requirements will be refused enrollment or re-enrollment by the Claim Administrator because of health status, age, requirements for health services, or the existence of a pre-existing physical or mental condition, including pregnancy. No person, however, is eligible to re-enroll who had coverage terminated under **GENERAL PROVISIONS, Termination of Coverage**. Your coverage shall not be terminated by the Claim Administrator due to health status or health care needs.

Initial Enrollment. Each eligible employee of Group shall be entitled to apply for coverage for himself and eligible Dependents during the initial Group Open Enrollment Period. All persons included for coverage must be listed on the enrollment application/change form. No proof of insurability is required. The Effective Date of Coverage is the first day of the month after the enrollment period, unless otherwise specified and agreed upon by the Group and the Claim Administrator.

Group Open Enrollment Period. A Group Open Enrollment Period will be held at least annually at which time eligible employees and/or Dependents may enroll as Participants of this Plan. No proof of insurability shall be required. The Effective Date of Coverage is the first day of the month after the enrollment period, unless otherwise specified and agreed upon by the Group and the Claim Administrator.

Other Enrollment Events. Coverage under this Plan for persons becoming eligible at times other than initial enrollment or the Group Open Enrollment Period will become effective as stated in **items 1-6** below, only if the Claim Administrator receives completed enrollment application/change form and applicable contributions timely. "Timely" means within thirty-one (31) days from the date of the event, unless otherwise specified and agreed upon by the Group and the Claim Administrator.

1. **Newly Eligible Employee.** Each new employee of Group who becomes eligible for coverage at a time other than the initial enrollment or Group Open Enrollment Period may enroll himself and eligible Dependents. If application is not made Timely, the newly eligible employee may not be added until the next Group Open Enrollment Period. The Effective Date of Coverage is the first day of the month following the date employee becomes eligible, unless otherwise specified and agreed upon by the Group and the Claim Administrator.
2. **Newly Eligible Dependents.** Subscriber may enroll any person who becomes newly eligible as a Dependent by completing and submitting to the Claim Administrator an enrollment application/change form within thirty-one (31) days after attaining eligibility. No proof of insurability shall be required. The Effective Date of Coverage will be the date of the event, i.e., marriage, birth, adoption, becoming a party in a suit for adoption or guardianship, unless otherwise specified and agreed upon by Group and the Claim Administrator. Newly eligible Dependents not added to coverage within thirty-one (31) days after the event will become effective in accordance with the provisions for late enrollees.
3. **Newborn Children Coverage.** Coverage will be automatic for Subscriber or Subscriber's spouse's newborn child for the first thirty-one (31) days following the date of birth. Coverage will continue beyond the thirty-one (31) days only if the child is an eligible Dependent and the Claim Administrator through the Plan Administrator, receives all necessary forms and the required contributions within the 31-day period or a period consistent with the next billing cycle. The Effective Date of Coverage for newborn children shall be the newborn's date of birth.

WHO GETS BENEFITS

4. **Newly Adopted Children.** Coverage will be automatic for a newly-adopted child of Subscriber for the first thirty-one (31) days from the date Subscriber is a party in a suit for adoption or thirty-one (31) days from the date the adoption is final. Coverage will continue beyond the thirty-one (31) days only if the child is an eligible Dependent and the Claim Administrator through the Plan Administrator, receives all necessary forms and the required contributions within the 31-day period or a period consistent with the next billing cycle. The Effective Date of Coverage for newly-adopted children shall be the date You become a party in a suit for adoption or the date the adoption is final.
5. **Court-Ordered Dependents.** Dependent children for whom Subscriber has received a court order requiring Subscriber to provide health coverage will be covered for an initial period of thirty-one (31) days from the date Group receives notification of the court order. For coverage to continue beyond the thirty-one (31) days the Claim Administrator, through the Plan Administrator, must receive all necessary forms and the required contributions within the 31-day period or a period consistent with the next billing cycle. The Effective Date of Coverage for court-ordered Dependents will be the date the court order is received by Group.

Coverage for a Dependent spouse for whom Subscriber has received a court order requiring You to provide health coverage will be effective on the first day of the month after the Claim Administrator receives the appropriate enrollment application/change form and applicable contributions, if the Claim Administrator receives such form and payments within thirty-one (31) days after issuance of the court order.
6. **Late Enrollees; Special Enrollment Events.** Eligible Subscribers or Dependents initially or newly eligible for enrollment who do not enroll within thirty-one (31) days after eligibility are late enrollees and may only be enrolled during a subsequent Group Open Enrollment Period. An eligible Subscriber or Dependent is not a late enrollee in the following situations:
 - a. **Family Additions.** In the event of marriage, birth, adoption, becoming a party in a suit for adoption or receipt of a court order to provide coverage for a Subscriber's (or individual eligible as a Subscriber) spouse or child(ren), a Subscriber who did not enroll when initially eligible, may enroll himself and any person becoming eligible to be a Dependent, as set forth below. No proof of insurability is required. If enrollment application/change form and applicable contributions are not paid Timely, these individuals are late enrollees and may only be enrolled in a subsequent Group Open Enrollment Period.
 - (1) **Marriage.** Subscriber may enroll Subscriber and Subscriber's spouse within thirty-one (31) days after the date of marriage. The Effective Date of Coverage is the first day of the month following the date of the event, unless otherwise specified and agreed upon by the Group and the Claim Administrator.
 - (2) **Birth or Adoption.** Subscriber may enroll Subscriber, Subscriber's spouse and/or Subscriber's newborn or newly-adopted child(ren). The Effective Date of Coverage will be the date of birth, adoption, or becoming a party in a suit for adoption.
 - (3) **Court-Ordered Dependents.** Subscriber may enroll the spouse and/or child(ren) for whom You have received a court order requiring You to provide health coverage.
 - (a) **Court-ordered child(ren):** A Subscriber may enroll himself, if not already covered, and such child(ren) subject to the court order. The Effective Date of Coverage is as of the date Group receives notice of the court order if the Claim Administrator receives enrollment application/change form(s) within thirty-one (31) days after the date Group receives a court order or notice of a court order, and You make or agree to make any additional contributions.
 - (b) **Court-ordered spouse:** The Effective Date of Coverage is the first day of the month after the Claim Administrator receives enrollment application/change form, if the Claim Administrator receives application/change form within thirty-one (31) days

WHO GETS BENEFITS

after issuance of the court order and You make or agree to make any additional contributions, unless otherwise specified and agreed upon by Group and the Claim Administrator.

- b. **Loss of Other Coverage.** Any individual eligible as a Subscriber or Dependent who did not enroll when initially eligible may enroll if each of the following is true, and if the Claim Administrator receives completed enrollment application/change forms and applicable contributions within thirty-one (31) days after the date coverage ends or after a claim is denied due to reaching the lifetime limit under another Health Benefit Plan, self-funded employer Health Benefit Plan, or other health insurance coverage (collectively referred to in this subsection as “Prior Health Benefit Plan”):
- (1) You or any eligible Dependent was covered under a Prior Health Benefit Plan at the time You were initially eligible to enroll;
 - (2) You declined enrollment, in writing, for Yourself and/or Your Dependent(s) at the time of initial eligibility, stating that coverage under a Prior Health Benefit Plan was the reason for declining enrollment; and
 - (3) You or any eligible Dependent lost coverage under a Prior Health Benefit Plan as a result of:
 - (a) termination of employment;
 - (b) a reduction in the number of hours of employment;
 - (c) termination of Your Prior Health Benefit Plan coverage;
 - (d) You or Your Dependent incurring a claim that would meet or exceed a lifetime limit on all benefits under Prior Health Benefit Plan coverage;
 - (e) the Prior Health Benefit Plan no longer offering any benefits to the class of similarly situated individuals that include You or Your Dependent(s);
 - (f) if coverage was through a health maintenance organization, You or Your Dependent(s) no longer residing, living, or working in the Service Area of the health maintenance organization and no other benefit option being available;
 - (g) termination of contribution toward the Premium made by the former employer;
 - (h) Dependent status ending (for example, due to death of a spouse, divorce, legal separation or reaching the maximum age to be eligible as a Dependent child under the Prior Health Benefit Plan); or
 - (i) expiration of the continuation of coverage period of the Prior Health Benefit Plan under Title X of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended.

The Effective Date of Coverage under this subsection is the day after prior coverage terminated.

- c. **Dependent Loss of Governmental Coverage.** An individual who is eligible to enroll and who has lost coverage under Medicaid (Title XIX of the Social Security Act), other than coverage consisting solely of benefits under Section 1928 of that Act (42 U.S.C. Section 1396s) or under the Texas Children’s Health Insurance Program (CHIP), Chapter 62, Health and Safety Code, is not a late enrollee provided appropriate enrollment application/change forms and applicable contributions are received by the Claim Administrator within sixty (60) days after the date on which such individual loses coverage. Coverage will be effective the day after prior coverage terminated.

WHO GETS BENEFITS

- d. **Health Insurance Premium Payment (HIPP) Reimbursement Program.** An individual who is eligible to enroll and who is a recipient of medical assistance under the state of Texas Medicaid Program or enrolled in CHIP, and who is a participant in the state of Texas HIPP Reimbursement Program may enroll with no enrollment period restrictions. If the individual is not eligible unless a family member is enrolled, both the individual and family member may enroll. The Effective Date of Coverage is on the first day of the month after the Claim Administrator receives (i) written notice from the Texas Health and Human Services Commission, or (ii) enrollment forms, from You, provided such forms and applicable contributions are received by the Claim Administrator within sixty (60) days after the date the individual becomes eligible for participation in the HIPP Reimbursement Program.

HOW THE PLAN WORKS

Provider Information

You are entitled to medical care and services from Participating Providers including Medically Necessary medical, surgical, diagnostic, therapeutic and preventive services that are generally and customarily provided in the Service Area. Some services may not be covered. To be covered, a service that is Medically Necessary must also be described in **COVERED SERVICES AND BENEFITS**. Even though a Physician or other Health Care Professional has performed, prescribed or recommended a service does not mean it is Medically Necessary or that it is covered under **COVERED SERVICES AND BENEFITS**. Some Covered Services may also require Prior Authorization by the Claim Administrator.

Only services that are performed, prescribed, directed or authorized in advance by the PCP or the Claim Administrator are covered benefits under this Plan except Emergency Care, Urgent Care, Virtual Visits, Retail Health Clinics or Covered Services provided to female Participants, who may directly access an Obstetrician/Gynecologist in the same Limited Provider Network as their PCP for: 1) well woman exams; 2) obstetrical care; 3) care for all active gynecological conditions; and 4) diagnosis, treatment, and Referral for any disease or condition within the scope of the professional practice of the Obstetrician/Gynecologist. PCPs in a Limited Provider Network will be identified in the Provider directory or You can call customer service at the toll-free telephone number on the back of Your Identification Card.

The Claim Administrator and Participating Providers do not have any financial responsibility for any services You seek or receive from a non-Participating Provider or facility, except as set forth below, unless both Your PCP and the Claim Administrator have made prior Referral authorization arrangements.

Coverage Determinations

Certain services are covered pursuant to HMO medical policies and clinical procedure and coding policies, which are updated throughout the Calendar Year. The medical policies are guides considered by HMO when making coverage determinations and lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is Medically Necessary and is eligible as a Covered Service or is Experimental/Investigational, cosmetic, or a convenience item. The clinical procedure and coding policies provide information about what services are reimbursable under the Certificate of Coverage. The most up-to-date medical and clinical procedure and coding policies are available at www.bcbstx.com, or call customer service at the toll-free telephone number on the back of Your identification card.

Utilization Management

Utilization Management may be referred to as Medical Necessity reviews, utilization review (UR), or medical management reviews. A Medically Necessary review may occur prior to services rendered during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. Some services may require a Prior Authorization before the start of services, while other services will be subject to a concurrent or Post-Service Medical Necessity Review. If requested, services normally subject to a Post-Service Medical Necessity Review may be reviewed for Medical Necessity prior to the service through a Recommended Clinical Review as defined below.

Refer to the definition of Medically Necessary under the **DEFINITIONS** section of this Certificate for additional information regarding any limitations and/or special conditions pertaining to Your benefits.

Prior Authorization

Some Covered Services may also require Prior Authorization by HMO. Prior Authorization processes will be conducted in accordance with Texas Insurance Code, chapter 4201 or in accordance with the laws in the state of Texas. Renewal of an existing Prior Authorization issued by HMO can be requested by a Physician or Health Care Provider up to 60 days prior to the expiration of the existing Prior Authorization. For additional information and a current list of medical and health care services that require Prior Authorization, please visit the website at www.bcbstx.com.

HOW THE PLAN WORKS

Recommended Clinical Review Option

There are services that do not require a Prior Authorization that may be subject to a Post-Service Medical Necessity Review before the claim is paid. There is an option for your provider to request a Recommended Clinical Review to determine if the service meets approved HMO medical policy and/or level of care review criteria before services are provided to you. Once a decision has been made on the services reviewed as part of the Recommended Clinical Review process, the same services will not be reviewed for Medical Necessity after they have been performed.

To determine if a Recommended Clinical Review is available for a specific service, visit our website at www.bcbstx.com/find-care/where-you-go-matters/utilization-management.com for the Recommended Clinical Review list, which is updated when new services are added or when services are removed. You can also call BCBSTX Customer Service at the number on the back of Your Identification Card. This website also includes information on which services require Prior Authorization before services are performed.

In the event a Recommended Clinical Review determines the proposed services are not medically necessary, You have the right to file an appeal as described in the COMPLAINT AND APPEAL PROCEDURES section. All appeal and review requirements related to medical necessity determinations, including independent review, apply to services where your provider requests a Recommended Clinical Review.

Recommended Clinical Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions of this Benefit Booklet. Please coordinate with Your Provider to submit a written request for Recommended Clinical Review.

General Provisions Applicable to All Recommended Clinical Reviews

1. No Guarantee of Payment

A Recommended Clinical Review is not a guarantee of benefits or payment of benefits by HMO. Actual availability of benefits is subject to Your eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Even if the service has been approved in a Recommended Clinical Review, coverage or payment can be affected for a variety of reasons. For example, the Member may have become ineligible as of the date of service or the Member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Recommended Clinical Review process may require additional documentation from Your health care Provider or pharmacist. In addition to the written request for a Recommended Clinical Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by HMO to issue a Recommended Clinical Review pursuant to the terms and conditions of this benefit booklet.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review or Post-Service Claims request is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms Your eligibility, availability of benefits at the time of service, and reviews necessary clinical documentation to ensure service was Medically Necessary. A Post-Service Medical Necessity Review may be performed when a Prior Authorization or Recommended Clinical Review was not obtained prior to services being rendered under certain circumstances.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of payment. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of HMO. Post-Service Medical Necessity Review does not guarantee payment of benefits by HMO, for instance You may become ineligible as of the date of service or Your benefits may have changed as of the date of service.

HOW THE PLAN WORKS

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from Your health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of HMO.

Selecting a PCP

At the time You enroll, You must choose a PCP. If any Participant is a minor or otherwise incapable of selecting a PCP, the Subscriber should select a PCP on the Participant's behalf. If Your Dependents enroll, You and Your Dependents must choose a PCP from HMO's directory of Participating Providers in order to receive Covered Services. For the most current list of Participating Providers visit the website at www.bcbstx.com. You may also refer to Your Provider directory or call customer service at the toll-free telephone number on the back of Your Identification Card. The Claim Administrator may assign a PCP if one has not been selected. Until a PCP is selected or assigned, benefits will be limited to coverage for Emergency Care.

Your PCP may be part of a Limited Provider Network, so Your choice of a PCP may affect the network of Participating Providers available to You. For instance, if Your PCP is part of a Limited Provider Network, You may only be referred to Participating Providers who are associated with the same Limited Provider Network. (A Limited Provider Network is made up of Physicians in separate offices who form an association to provide health care services to Participants.) You can be referred to Participating Providers who are not associated with that group or Limited Provider Network. You may be required to choose an Obstetrician or Gynecologist who belongs to the same Limited Provider Network as Your PCP but a female Participant's right to directly access an Obstetrician or Gynecologist will not be infringed upon. PCP's in a Limited Provider Network will be identified in the Provider directory or You can call customer service at the toll-free telephone number on the back of Your Identification Card.

Participants who have been diagnosed with a chronic, disabling or life threatening illness may request approval to choose a Participating Specialist as a PCP using the process described in **Specialist as PCP**.

Your PCP

Your PCP coordinates Your medical care, as appropriate, either by providing treatment or by issuing Referrals to direct You to Participating Providers. Except for Emergency Care/medical emergencies or certain direct-access Specialist benefits described in this Plan, only those services which are provided by or referred by Your PCP will be covered. It is Your responsibility to consult with the PCP in all matters regarding Your medical care.

If Your PCP performs, suggests, or recommends a course of treatment for You that includes services that are not Covered Services, the entire cost of any such non-Covered Services will be Your responsibility.

Changing Your PCP

You may change Your PCP by calling the customer service toll-free telephone number listed on Your Identification Card to make the change or to request a change form or assistance in completing that form. The change will become effective on the first day of the month following the Claim Administrator's receipt and approval of the request.

In the event of termination of a Participating Provider of any kind, the Claim Administrator will use best efforts to provide reasonable advance notice to Participants receiving care from such Participating Provider that termination is imminent. Special circumstances may render You eligible to continue receiving treatment from a Participating Provider after the effective date of termination, which is fully described in **Continuity of Care**.

HOW THE PLAN WORKS

Continuity of Care

If You are under the care of a Participating Provider who stops participating in HMO's network, the Claim Administrator will continue coverage for that Provider's Covered Services if all the following conditions are met:

- You have a disability, acute condition, life-threatening illness or are past the thirteenth (13th) week of pregnancy; and
- the Provider submits a written request to the Claim Administrator to continue coverage of Your care that identifies the condition for which You are being treated and indicates that the Provider reasonably believes that discontinuing treatment could cause You harm; and
- the Provider agrees to continue accepting the same reimbursement that applied when participating in HMO's network, and not to seek payment from You for any amounts for which You would not be responsible if the Provider were still participating in HMO's network.

Continuity coverage shall not extend for more than ninety (90) days (or more than nine (9) months if You have been diagnosed with a terminal illness) beyond the date the Provider's termination takes effect. If You are past the thirteenth (13th) week of pregnancy when the Provider's termination takes effect, coverage may be extended through delivery, immediate postpartum care and the follow-up check-up within the first six (6) weeks of delivery.

Specialist as PCP

If You have been diagnosed with a chronic, disabling, or life-threatening illness, You may contact customer service at the toll-free telephone number on Your Identification Card to get information to submit for approval from the HMO Medical Director to choose a Participating Specialist as Your PCP. The Medical Director will require both You and the Participating Specialist interested in serving as Your PCP to sign a certification of medical need, to submit along with all supporting documentation. The Participating Specialist must meet HMO's requirements for PCP Participation and be willing to accept the coordination of all Your healthcare needs. If Your request is denied, You may appeal the decision as described in **CLAIM REVIEW AND APPEAL PROCEDURES**. If Your request is approved, the Specialist's designation as Your PCP will not be effective retroactively. As used herein, "life threatening," means a disease or condition for which the likelihood of death is probable unless the course of the disease or condition is interrupted.

Availability of Providers

The Claim Administrator cannot guarantee the availability or continued participation of a particular Provider. Either the Claim Administrator or any Participating Provider may terminate the Provider contract or limit the number of Participants that will be accepted as patients. If the PCP initially selected cannot accept additional patients, You will be given an opportunity to make another PCP selection. You must then cooperate with the Claim Administrator to select another PCP.

Out-of-Network Services

You may obtain Covered Services from Providers who are not part of HMO's network of Participating Providers when receiving Emergency Care. Also, court-ordered Dependents living outside the Service Area may use non-Participating Providers.

If Inpatient Hospital Services are required after receiving Emergency Care and post stabilization care at a non-Participating Hospital, You notify HMO within forty-eight (48) hours of receiving Emergency Care, or as soon as possible without being medically harmful or injurious to You.

If Covered Services are not available from Participating Providers within the access requirements established by law and regulation, the Claim Administrator will allow a Referral by Your PCP to a non-Participating Provider, if approved by the Claim Administrator. If Your PCP is in a Limited Provider Network, in determining whether a Covered Service is available through Participating Providers, the Claim Administrator will first consider Participating Providers in the PCP's Limited Provider Network. If the Covered Services is not available in the Limited Provider Network, then the Claim Administrator's entire HMO network will be considered.

HOW THE PLAN WORKS

You will not be required to change Your PCP or Participating Specialist Providers to receive Covered Services that are not available from Participating Providers within the Limited Provider Network, but the following apply.

- The request must be from a Participating Provider.
- Reasonably requested documentation must be received by the Claim Administrator.
- The Referral will be provided within an appropriate time, not to exceed five business days, based on the circumstances and Your condition.
- When the Claim Administrator has allowed Referral to a non-Participating Provider, the Claim Administrator will reimburse the non-Participating Provider at the usual and customary rate or otherwise agreed rate, less the applicable Copayment(s). You are responsible only for the Copayments for such Covered Services.
- Before the Claim Administrator denies a Referral, a review will be conducted by a Specialist of the same or similar specialty as the type of Provider to whom a Referral is requested.

Inpatient Care by Non-PCP

During an inpatient stay at a Participating Hospital, Skilled Nursing Facility or other Participating facility, it may be appropriate for a Physician other than Your PCP to direct and oversee Your care, if Your PCP does not do so. However, upon discharge, You must return to the care of Your PCP or have Your PCP coordinate care that may be Medically Necessary.

If You elect to use out-of-network Providers for non-Emergency Care services and supplies available from Participating Providers, benefits will not be covered.

Provider Communication

The Claim Administrator will not prohibit, attempt to prohibit or discourage any Provider from discussing or communicating to You or Your designee any information or opinions regarding Your health care, any provisions of the Health Benefit Plan as it relates to Your medical needs or the fact that the Provider's contract with the Claim Administrator has terminated or that the Provider will no longer be providing services under the Claim Administrator.

Your Responsibilities

- You shall complete and submit to the Claim Administrator an application or other forms or statements that the Claim Administrator may reasonably request. You agree that all information contained in the applications, forms and statements submitted to the Claim Administrator due to enrollment under this Plan or the administration herein shall be true, correct, and complete to the best of Your knowledge and belief.
- You shall notify the Claim Administrator immediately of any change of address for You or any of Your covered Dependents.
- You understand that the Claim Administrator is acting in reliance upon all information You provided to the Claim Administrator at time of enrollment and afterwards and represents that information so provided is true and accurate.
- By electing coverage pursuant to this Plan, or accepting benefits hereunder, all Participants who are legally capable of contracting, and the legal representatives of all Participants who are incapable of contracting, at time of enrollment and afterwards, represent that all information so provided is true and accurate and agree to all terms, conditions and provisions hereof.
- You are subject to and shall abide by the rules and regulations of each Provider from which benefits are provided.

Refusal to Accept Treatment

You may, for personal reasons, refuse to accept procedures or treatment by a Participating Provider. Participating Providers may regard such refusal to accept their recommendations as incompatible with

HOW THE PLAN WORKS

continuance of the Provider-patient relationship and as obstructing the provision of proper medical care. Participating Providers shall use their best efforts to render all necessary and appropriate Professional Services in a manner compatible with Your wishes, insofar as this can be done consistent with the Participating Provider's judgment as to the requirements of proper medical practice. If You refuse to follow a recommended treatment or procedure, and the Participating Provider informed You of his belief that no professionally acceptable alternative exists, neither the Claim Administrator nor any Participating Provider shall have any further responsibility to provide care for the condition under treatment.

Group Payment

On or before the due date, Group or its designated agent shall remit to the Claim Administrator on behalf of each Subscriber and Dependents the amount specified in the Group Agreement.

Failure to Render Payments

Only if the Claim Administrator receives the stipulated payment, shall You be entitled to health services covered hereunder and then only for the Contract Month for which such payment is received. If any required payment is not received by the due date of the Contract Month, then You will be terminated at the end of the Grace Period of the Contract Month. You will be responsible for the cost of services rendered to You during the Contract Month in the event that payments are not made by Group.

Change in Payments

The Claim Administrator reserves the right to establish a revised schedule of payments on each anniversary date of this Plan upon sixty (60) days written notice to Group. If a change in this Plan is required by law or regulation which increases the Claim Administrator's risk under this Plan, the Claim Administrator also reserves the right to change the schedule of payments upon sixty (60) days written notice to Group.

Cards issued by the Claim Administrator to Participants under this Plan are for identification only. The Identification Card confers no right to services or other benefits under this Plan. To be entitled to any services or benefits, the holder of the Identification Card must be a Participant on whose behalf all applicable Premiums under this Plan have actually been paid.

- Any Copayment that may apply to Your coverage.

Always remember to carry Your Identification Card with You and present it to Your Providers when receiving health care services or supplies.

Please remember that any time a change in Your family takes place it may be necessary for a new Identification Card to be issued to You and/or each covered Dependent (refer to the **WHO GETS BENEFITS** section for instructions when changes are made). Upon receipt of the change in information, the Claim Administrator will provide a new Identification Card.

 - b. Cancellation of coverage under the Plan;
 - c. Recoupment from You or any of Your covered Dependents of any benefit payments made;

 - e. Notice to proper authorities of potential violations of law or professional ethics.

Participant Claims Refund

You are not expected to make payments, other than required Copayments/Co-Share, for any benefits provided hereunder. However, if You make such payments, You may send the Claim Administrator a claim for reimbursement, and when a refund is in order, the Provider shall make such refund to You. Your claim will be allowed only if You notify the Claim Administrator within ninety (90) days from the date on which covered expenses were first incurred, unless it can be shown that it was not reasonably possible to give notice within the time limit, and that notice was given as soon as reasonably possible. However, benefits will not be allowed if notice of claim is made beyond one (1) year from the date covered expenses were incurred. You must provide written proof of such payment to the Claim Administrator within one (1) year of occurrence. Within fifteen (15) days of receipt of written notice of a claim, the Claim Administrator shall acknowledge receipt of claim and begin any necessary investigation. It may be necessary for the Claim Administrator to request additional information from You. Claims shall be acted upon within fifteen (15) business days of receipt of a completed claim unless You are notified that additional time is needed and why. The Claim Administrator will act on a completed claim no later than forty-five (45) days after the additional time notification is given to You. If the Claim Administrator notifies You that the Claim Administrator will pay a claim or part of a claim, the Claim Administrator will pay an approved claim not later than five (5) business days after the date notice is made. Visit the website at www.bcbstx.com or call customer service at the toll-free number on the back of Your Identification Card to obtain a medical claim form.

Claim or Benefit Reconsideration

If a claim or a request for benefits is partly or completely denied by the Claim Administrator, You will receive a written explanation of the reason for the denial and be entitled to a full review. If You wish to request a review or have questions regarding the explanation of benefits, call or write customer service at the phone number or address on the back of Your Identification Card. If You are not satisfied with the information received either on the call or in written correspondence, You may request an appeal of the decision. You may obtain a review of the denial by following the process set out in **CLAIM REVIEW AND APPEAL PROCEDURES**.

CLAIM REVIEW AND APPEAL PROCEDURES

Receipt of Claims by the Claim Administrator

A claim will be considered received by the Claim Administrator for processing upon actual delivery to the Administrative Office of the Claim Administrator in the proper manner and form and with all of the information required. If the claim is not complete, it may be denied or the Claim Administrator may contact either You or the Provider for the additional information.

After processing the claim, the Claim Administrator will notify the Participant by way of an *Explanation of Benefits* summary.

Claim Determinations

When the Claim Administrator receives a properly submitted claim, it has authority and discretion under the Plan to interpret and determine benefits in accordance with the Health Benefit Plan provisions. The Claim Administrator will receive and review claims for benefits and will accurately process claims consistent with administrative practices and procedures established in writing between the Claim Administrator and the Plan Administrator.

You have the right to seek and obtain a full and fair review by the Claim Administrator of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in Your Health Benefit Plan.

If a Claim Is Denied or Not paid in Full

On occasion, the Claim Administrator may deny all or part of Your claim. There are a number of reasons why this may happen. We suggest that You first read the *Explanation of Benefits* summary prepared by the Claim Administrator; then review this Benefit Booklet to see whether You understand the reason for the determination. If You have additional information that You believe could change the decision, send it to the Claim Administrator and request a review of the decision as described as in **Claim Appeal Procedures** below.

If the claim is denied in whole or in part, You will receive a written notice from the Claim Administrator with the following information, if applicable:

The reason for determination;

- A reference to the Health Benefit Plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;
- A description of additional information which may be necessary to perfect the claim and an explanation of why such material is necessary;
- Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care Provider, claim amount (if applicable), and a statement describing denial codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
- An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or external review) and a statement of Your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on internal review and the timeframe within which such action must be filed;
- In certain situations, a statement in non-English languages(s) that written notices of claim denials and certain other benefit information may be available (upon request) in such non-English language(s);
- In certain situations, a statement in non-English languages(s) that indicates how to access the language services provides by the Claim Administrator;
- The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;

CLAIM REVIEW AND APPEAL PROCEDURES

- Any internal rule, guideline, protocol or other similar criterion on in the determination, and a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge upon request;
- An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the denial was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;
- In the case of a denial of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such claims. An Urgent Care Clinical Claim decision may be provided orally, so long as a written notice is furnished to the claimant three days of oral notification;
- Contact information for applicable office of health insurance consumer assistance or ombudsman.

Timing of Required Notices and Extensions

Separate schedules apply to the timing of required notices and extensions, depending on the type of Claim. There are three types of Claims as defined below.

1. **Urgent Care Clinical Claim** is any Pre-Service Claim that requires Prior Authorization, as described in this Benefit Booklet, for benefits for medical care or Treatment with respect to which the application of regular time periods for making health Claim decisions could seriously jeopardize the life of health of the claimant or the ability of the claimant to regain maximum function or, in the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or Treatment.
2. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.
3. **Post-Service Claim** is notification in a form acceptable to the Claim Administrator that a service has been rendered or furnished to You. This notification must include full details of the service received, including Your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to You.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of Your Claim for benefits.

Claim Appeal Procedures

Claim Appeal Procedures - Definitions

An “**Adverse Benefit Determination**” means a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination, or failure to provide in response to a claim, Pre-Service Claim or Urgent Care Clinical Claims, or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or Your employer and the Claim Administrator or Your employer reduces or terminates such treatment (other than by amendment or termination of the employer’s benefit Plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination.

A “**Final Internal Adverse Benefit Determination**” means an Adverse Benefit Determination that has been upheld by the Claim Administrator or Your employer at the completion of the Claim Administrator’s or employer’s internal review/appeal process.

Expedited Clinical Appeals

If Your situation meets the definition of an expedited clinical appeal, You may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, ongoing emergencies, procedures or treatments ordered by a health care Provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment/continued hospitalization is terminated or reduced, the Claim Administrator will provide You with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. The Claim Administrator shall render a determination on the appeal within 24 hours after it receives the requested information, but no later than 72 hours after the appeal has been received by the Claim Administrator.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a full and fair internal review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in Your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by You or a person authorized to act on Your behalf. In Urgent Care Clinical Claim situations, a health care Provider may appeal on Your behalf. With the exception of Urgent Care Clinical Claim situations, Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about You except to Your authorized representative. To obtain an Authorized Representative Form, You or Your representative may call the Claim Administrator at the number on the back of Your Identification Card.

If You believe the Claim Administrator incorrectly denied all or part of Your benefits, You may have Your claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after You receive notice of a denial or partial denial, You may call or write to the Claim Administrator’s Administrative Office. The Claim Administrator will need to know the reasons why You do not agree with the denial or partial denial. Send Your request to:

Claim Review Section

Dallas, Texas 75266-0044

CLAIM REVIEW AND APPEAL PROCEDURES

- The Claim Administrator will honor telephone requests for information. However, such inquiries will not constitute a request for review.
- In support of Your claim review, You have the option of presenting evidence and testimony to the Claim Administrator. You and Your authorized representative may ask to review Your file and any relevant documents and may submit written issues, comments and additional medical information during the internal review process.

The Claim Administrator will provide You or Your authorized representative with any new or additional evidence or rational and any other information and documents used in the internal review of Your claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rational will be provided to You or Your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give You a chance to respond before the final determination is made. If the information is received so late that it would be impossible to provide it to You in time for You to have a reasonable opportunity to respond, the time periods below for providing notice of Final Internal Adverse Benefit Determination will be tolled until such time as You have had a reasonable opportunity to respond. After You respond, or have had a reasonable opportunity to respond but failed to do so, the Claim Administrator will notify You of the benefit determination in a reasonably prompt time taking into account the medical exigencies.

The appeal determination will be made by the Claim Administrator or, if required by a Physician associated or contracted with the Claim Administrator and/or by external advisors, but who were not involved in making the initial denial of Your claim. Before You or Your authorized representative may bring any action to recover benefits, You must exhaust the appeal process and must raise all issues with respect to a claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator and, if applicable Your employer.

If You have any questions about the claims procedures or the review procedure, write to the Claim Administrator's Administrative Office or call the toll-free Customer Service Helpline number shown in this Benefit Booklet or Your Identification Card.

Timing of Appeal Determinations

Upon receipt of a non-urgent pre-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than 30 days after the appeal has been received by the Claim Administrator.

Upon receipt of a non-urgent post-service appeal, the Claim Administrator shall render a determination of the appeal as soon as practical, but in no event more than 60 days after the appeal has been received by the Claim Administrator.

Notice of Appeal Determination

The Claim Administrator will notify the party filing the appeal, You, and, if a clinical appeal, any health care Provider who recommended the services involved in the appeal, by a written notice of the determination.

The written notice to You or Your authorized representative will include:

1. A reason for the determination;

4. An explanation of the Claim Administrator's external review process (and how to initiate an external review) and a statement of Your right, if any, to bring a civil action under Section 502(a) of ERISA following a final denial on internal review and the timeframe within which such action must be filed;

7. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;

10. A description of the standard that was used in denying the claim and discussion of the decision;

Your external review rights are described in the **Standard External Review** section below.

Standard External Review

You or Your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an Independent Review Organization (IRO).

1. **Request for external review.** Within four months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse benefit from the Claim Administrator, You or Your authorized representative must file Your request for standard external review.
2. **Preliminary review.** Within five business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
 - a. You are, or were, covered under the Plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the Plan at the time the health care item or service was provided;
 - b. The Adverse Benefit Determination or the Final Adverse Internal Benefit Determination does not relate to Your failure to meet the requirements for eligibility under the terms of the Plan (e.g., worker classification or similar determinations);

CLAIM REVIEW AND APPEAL PROCEDURES

- c. You have exhausted the Claim Administrator's internal appeal process unless You are not required to exhaust the internal appeals process under the interim final regulations. Please read the **Exhaustion** section below for additional information and exhaustion of the internal process; and
- d. You or Your authorized representative have provided all the information and forms required to process an external review.

You will be notified within one business day after we complete the preliminary review if Your request is eligible or if further information or documents are needed. You will have the remainder of the four-month external review request period (or 48 hours following receipt of the notice), whichever is later, to perfect the request for external review. If Your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice, and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 1-866-444-EBSA (3272)).

External review is available for Adverse Benefit Determinations and Final Adverse Benefit Determinations that involve rescission and determinations that involve medical judgment including, but not limited to, those based on requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; determinations that a treatment is experimental or investigational; determinations whether You are entitled to a reasonable alternative standard for a reward under a wellness program; or a determination of compliance with the nonquantitative treatment limitation provisions of the Mental Health Parity and Addiction Equity Act.

- 3. **Referral to Independent Review Organization (IRO).** When an eligible request for external review is completed within the time period allowed, the Claim Administrator will assign the matter to an IRO. The IRO assigned will be accredited by URAC or similar nationally-recognized accrediting organization. Moreover, the Claim Administrator will ensure that the IRO is unbiased and independent. Accordingly, the Claim administrator must contract with at least three IROs for assignments under the Plan and rotate claims assignments among them (or incorporate other independent, unbiased methods of selection of IRO's, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

The IRO must provide the following:

- a. Utilization of legal experts where appropriate to make coverage to make coverage determinations under the Plan.
- b. Timely notification to You or Your authorized representative, in writing, of request's eligibility and acceptance for external review. This notice will include a statement that You may submit in writing to the assigned IRO within 10 business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- c. Within five business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit determination or Final Internal Adverse Benefit Determination. Within one business day after making the decision, the IRO must notify the Claim Administrator and You or Your authorized representative.
- d. Upon receipt of any information submitted by You or Your authorized representative, the assigned IRO must within one business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider the Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decided, upon completion of its reconsideration, to reverse the Adverse Benefit Determination or Final Internal

CLAIM REVIEW AND APPEAL PROCEDURES

- Adverse Benefit Determination and provide coverage or payment. Within one business day after making such a decision, the Claim Administrator must provide written notice of its decision, the Claim Administrator must provide written notice of its decision to You and the assigned IRO. The assigned IRO must terminate the external review upon receipt of notice from the Claim Administrator.
- e. Review all the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:
- Your medical records;
 - The attending Health Care Professional's recommendation;
 - Reports from appropriate Health Care Professionals and other documents submitted by the Claim Administrator, You or Your treating provider;
 - The terms of Your Plan to ensure that the IRO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
 - Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations;
 - Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
 - The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.
- f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and You or Your authorized representative.
- g. The notice of final external review decision will contain:
- A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the Health Care Provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous denial);
 - The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
 - A discussion of the principal reason or reasons for its decisions, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator or You or Your authorized representative;
 - A statement that judicial review may be available to You or Your authorized representative; and
 - Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.
- h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and You or Your authorized representative.

Expedited External Review

1. **Request for expedited external review.** You may request an expedited external review with the Claim Administrator at the time You receive:
 - a. An Adverse Benefit Determination, if the Adverse Benefit Determination involved a medical condition of Yours for which the timeframe for completion for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize Your life or health or would jeopardize Your ability to regain maximum function and You have filed a request for an expedited internal appeal; or
 - b. A Final Internal Adverse Benefit Determination, if the determination involved medical condition of Yours for which the timeframe for completion of a standard external review would seriously jeopardize Your life or health or would jeopardize Your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which You received emergency services, but have not been discharged from a facility.
2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the **Standard External Review** section above. The Claim Administrator must immediately send You a notice of its eligibility determination that meets the requirements set forth in **Standard External Review** section above.
3. **Referral to Independent Review Organization (IRO).** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the **Standard External Review** section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to be assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. **Notice of final external review decision.** The IRO will provide notice of the final external review decision, in accordance with the requirements set forth in the **Standard External Review** section above, as expeditiously as Your medical condition or circumstances require, but in no event no more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing verbal notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and You or Your authorized representative.

Exhaustion

For standard internal review, You have the right to request external review once the internal review process has been completed and You have received the Final Internal Adverse Benefit Determination. For expedited internal review, You may request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not Your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

CLAIM REVIEW AND APPEAL PROCEDURES

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event You have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process, You also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

The internal review process will not be deemed exhausted based on *de minimis* violations that do not cause, and are not likely to cause, prejudice or harm to You so long as the Claim Administrator demonstrates that the violation was for good cause or due to matters beyond the control of the Claim Administrator and that the violation occurred in the context of an ongoing, good faith exchange of information between You and the Claim Administrator.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that You have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

Termination of Coverage

Termination of Individual Coverage

Coverage under the Plan for You and/or Your Dependent will automatically terminate when:

- Your contribution for coverage under the Plan is not received by the Claim Administrator; or
- You no longer satisfy the definition of a Participant as defined in this Plan, including termination; of employment; or
- The Plan is terminated or the Plan is amended, at the direction of the Plan Administrator, to terminate the coverage of the class of Participants to which You belong; or
- A Dependent ceases to be Dependent as defined in the Plan

However, when any of these events occur, You and/or Your Dependents may be eligible for continued coverage. See **COBRA Continuation Coverage**, in the **GENERAL PROVISIONS** section of this Plan.

The Claim Administrator may refuse to renew coverage of an eligible Participant, or Dependent for fraud or intentional misrepresentation of material fact by that individual.

Termination of the Group

The coverage of all Participants will terminate if the Group is terminated in accordance with the terms of the Plan.

Rescissions

Rescission is the cancellation or discontinuance of coverage that has retroactive effect. You coverage may not be rescinded unless You or a person seeking coverage on Your behalf performs an act, practice or omission that constitutes fraud, or makes an intentional misrepresentation of a material fact. A cancellation or discontinuance of coverage that has only prospective effect is not a rescission. A retroactive cancellation or discontinuance of coverage based on a failure to timely pay required premiums or contributions toward the cost of coverage (including COBRA premiums) is not a rescission. You will be given 30 days advance notice of rescission. A rescission is considered an Adverse benefit Determination of which You may seek internal review and external review.

GENERAL PROVISIONS

COBRA Continuation Coverage

COBRA is the Consolidated Omnibus Budget Reconciliation Act of 1985 as modified by the Tax Reform Act of 1986. This Act permits You or covered Dependents to elect to continue Your Group coverage as follows:

Employees and their covered Dependents will not be eligible for the continuation of coverage provided by this section if the Group is exempt from the provisions of COBRA.

Minimum Size of Group. The Group must have normally employed more than twenty (20) employees on a typical business day during the preceding Calendar Year. This refers to the number of employees employed; not the number of employees covered by a Health Benefit Plan, and includes full-time and part-time employees.

Loss of Coverage. For loss of coverage due to termination (other than for gross misconduct) or reduction of hours of employment, You may elect to continue coverage for eighteen (18) months after eligibility for coverage under this Plan would otherwise cease.

You may elect to continue coverage for thirty-six (36) months after eligibility for coverage under this Plan would otherwise cease if coverage terminates as the result of:

- divorce;
- Subscriber's death;
- Subscriber's entitlement to Medicare benefits; or
- cessation of covered Dependent child status under **WHO GETS BENEFITS; Eligibility** of this Plan.

COBRA continuation coverage under this Plan ends at the earliest of the following events:

- the last day of the continued coverage whether eighteenth (18) month or thirty-sixth (36) month period;
- the first day on which timely payment of contribution is not made to the Plan subject to the Administrative Services Agreement;
- the first day on which the Administrative Services Agreement between Group and the Claim Administrator is not in full force and effect;
- the first day on which You are actually covered by any other group Health Benefit Plan. In the event You have a preexisting condition and would be denied coverage under the new Health Benefit Plan for a preexisting condition, continuation coverage will not be terminated until the last day of the continuation period, or the date upon which the preexisting condition becomes covered under the new Health Benefit Plan, whichever occurs first; or
- the date You are entitled to Medicare.

Extensions of Coverage Periods. The eighteen (18) month coverage period may be extended if an event which would otherwise qualify You for the thirty-six (36) month coverage period occurs during the eighteen (18) month period, but in no event may coverage be longer than thirty six (36) months from the event which qualified You for continuation coverage initially.

In the event You are determined, within the meaning of the Social Security Act, to be disabled and You notify the Group before the end of the initial eighteen (18) month period, continuation coverage may be extended up to an additional eleven (11) months for a total of twenty-nine (29) months. This provision is limited to Participants who are disabled at any time during the first sixty (60) days of continuation coverage under **COBRA Continuation Coverage** of this Plan and only when the qualifying event is Participant's reduction in hours or termination. You may be charged a higher rate for the extended period.

Responsibility to Provide Participant With Notice of Continuation Rights. The Group is responsible for providing the necessary notification to Participants, within sixty (60) days from the date of the COBRA qualifying event, as required by the Consolidated Omnibus Budget Reconciliation Act of 1985 and the Tax Reform Act of 1986.

GENERAL PROVISIONS

Responsibility to Pay Contributions to the Claim Administrator. Coverage for the sixty (60) day period as described above to initially enroll, will be extended only where Subscriber or You pay the applicable contribution charges due within forty five (45) days of submitting the application to the Group and Group in turn remitting same to the Claim Administrator.

Contributions due to the Claim Administrator for the continuation of coverage under this section shall be due in accordance with the procedures of the Administrative Services Agreement and shall be calculated in accordance with applicable federal law and regulations.

For additional information regarding Your COBRA coverage, refer to the Continuation Coverage Rights described more fully in the federally mandated COBRA Notice that follows this Plan.

GENERAL PROVISIONS

Coordination of Benefits

Coordination of Benefits (“COB”) applies when You have health care coverage through more than one Health Care Plan. The order of benefit determination rules governs the order in which each Health Care Plan will pay a claim for benefits. The Health Care Plan that pays first is called the primary plan. The primary plan must pay benefits in accord with its policy terms without regard to the possibility that another plan may cover some expenses. The Health Care Plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans equal 100 percent of the total Allowable Expense.

For purposes of this section only, the following words and phrases have the following meanings:

Allowable Expense means a health care expense, including deductibles, co-share, and copayments, that is covered at least in part by any Health Care Plan covering the person for whom claim is made. When a Health Care Plan (including this Health Care Plan) provides benefits in the form of services, the reasonable cash value of each service rendered is considered to be both an Allowable Expense and a benefit paid. In addition, any expense that a health care provider or physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

Health Care Plan means any of the following (including this Health Care Plan) that provide benefits or services for, or by reason of, medical care or treatment. If separate contracts are used to provide coordinated coverage for participants of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts:

Group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and Medicare or other governmental benefits, as permitted by law.

Health Care Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers’ compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a “24-hour” or a “to and from school” basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable deductible.

Each contract for coverage is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

The Claim Administrator has the right to coordinate benefits between this Health Care Plan and any other Health Care Plan covering You.

GENERAL PROVISIONS

The rules establishing the order of benefit determination between this Plan and any other Health Care Plan covering You on whose behalf a claim is made are as follows:

1. The benefits of a Health Care Plan that does not have a coordination of benefits provision shall in all cases be determined before the benefits of this Plan.
2. If according to the rules set forth below in this section the benefits of another Health Care Plan that contains a provision coordinating its benefits with this Health Care Plan would be determined before the benefits of this Health Care Plan have been determined, the benefits of the other Health Care Plan will be considered before the determination of benefits under this Health Care Plan.

The order of benefits for Your claim relating to **paragraphs 1 and 2** above, is determined using the first of the following rules that applies:

1. Nondependent or Dependent. The Health Care Plan that covers the person other than as a Dependent, for example as an employee, participant, policyholder, subscriber, or retiree, is the primary plan, and the Health Care Plan that covers the person as a Dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Health Care Plan covering the person as a dependent and primary to the Health Care Plan covering the person as other than a dependent, then the order of benefits between the two plans is reversed so that the Health Care Plan covering the person as an employee, participant, policyholder, subscriber, or retiree is the secondary plan and the other Health Care Plan is the primary plan. An example includes a retired employee.
2. Dependent Child Covered Under More Than One Health Care Plan. Unless there is a court order stating otherwise, Health Care Plans covering a dependent child must determine the order of benefits using the following rules that apply.
 - a. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Health Care Plan of the parent whose birthday falls earlier in the Calendar Year is the primary plan; or
 - (2) If both parents have the same birthday, the Health Care Plan that has covered the parent the longest is the primary plan.
 - b. For a Dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - (1) if a court order states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Health Care Plan of that parent has actual knowledge of those terms, that Health Care Plan is primary. This rule applies to plan years commencing after the Health Care Plan is given notice of the court decree.
 - (2) if a court order states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of **2.a.** must determine the order of benefits.
 - (3) if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of **2.a.** must determine the order of benefits.
 - (4) if there is no court order allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - the Health Care Plan covering the custodial parent;
 - the Health Care Plan covering the spouse of the custodial parent;
 - the Health Care Plan covering the noncustodial parent; then
 - the Health Care Plan covering the spouse of the noncustodial parent.

GENERAL PROVISIONS

- c. For a Dependent child covered under more than one Health Care Plan of individuals who are not the parents of the child, the provisions of **2.a or 2.b.** must determine the order of benefits as if those individuals were the parents of the child.
 - d. For a Dependent child who has coverage under either or both parents' Health Care Plans and has his or her own coverage as a Dependent under a spouse's Health Care Plan, **paragraph 5.** below applies.
 - e. In the event the dependent child's coverage under the spouse's Health Care Plan began on the same date as the dependent child's coverage under either or both parents' Health Care Plans, the order of benefits must be determined by applying the birthday rule in **2.a** to the dependent child's parent(s) and the dependent's spouse.
3. **Active, Retired, or Laid-off Employee.** The Health Care Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The Health Care Plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the Health Care Plan that covers the same person as a retired or laid-off employee or as a Dependent of a retired or laid-off employee does not have this rule, and as a result, the Health Care Plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if **paragraph 1.** above can determine the order of benefits.
 4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Health Care Plan, the Health Care Plan covering the person as an employee, participant, subscriber, or retiree or covering the person as a dependent of an employee, participant, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other Health Care Plan does not have this rule, and as a result, the Health Care Plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if **paragraph 1.** above can determine the order of benefits.
 5. **Longer or Shorter Length of Coverage.** The Health Care Plan that has covered the person as an employee, participant, policyholder, subscriber, or retiree longer is the primary plan, and the Health Care Plan that has covered the person the shorter period is the secondary plan.
 6. If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the Health Care Plans meeting the definition of Health Care Plan. In addition, this Health Care Plan will not pay more than it would have paid had it been the primary plan.

When this Health Care Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Health Care Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Health Care Plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all Health Care Plans for the claim equal 100 percent of the total Allowable Expense for that claim. In addition, the secondary plan must credit to its plan deductible (if applicable) any amounts it would have credited to its deductible in the absence of other health care coverage.

If a covered person is enrolled in two or more closed panel Health Care Plans and if, for any reason, including the provision of service by a nonpanel provider, benefits are not payable by one closed panel Health Care Plan, COB must not apply between that Health Care Plan and other closed panel Health Care Plans.

If inpatient care began when You were enrolled in a previous Health Care Plan, after You make Your Copayment under this Plan, the Claim Administrator will pay the difference between benefits under this Plan and benefits under the previous contract or insurance policy for services on or after the effective date of this Plan.

GENERAL PROVISIONS

Benefits provided directly through a specified Provider of an employer shall in all cases be provided before the benefits of this Plan.

For purposes of this provision, the Claim Administrator may, subject to applicable confidentiality requirements set forth in this Plan, release to or obtain from any insurance company or other organization necessary information under this provision. If You claim benefits under this Plan, You must furnish all information deemed necessary by the Claim Administrator to implement this provision.

None of the above rules as to coordination of benefits shall delay Your health services covered under this Plan.

Whenever payments have been made by the Claim Administrator with respect to Allowable Expenses in a total amount, at any time, in excess of 100% of the amount of payment necessary at that time to satisfy the intent of this Part, the Claim Administrator shall have the right to recover such payment, to the extent of such excess, from among one or more of the following as the Claim Administrator shall determine: any insurance company or companies; or any Physicians or Provider to which such payments were made.

You must complete and submit consents, releases, assignments and other documents requested by the Claim Administrator to obtain or assure reimbursement under workers' compensation. If You fail to cooperate, You will be liable for the amount of money the Claim Administrator would have received if You had cooperated. Benefits under workers' compensation will be determined first and benefits under this Plan may be reduced accordingly.

Subrogation

If the Plan pays or provides benefits for You Dependents, the Plan is subrogated too all rights of recovery which You or Your Dependent have in contract, tort, or otherwise against any person, organization, or insurer for the amount of benefits the Plan has paid or provided. That means the Plan may use Your rights to recover money through judgment, settlement, or otherwise from any person, organization, or insurer.

For the purposes of this provision, subrogation means the substitution of one person or entity (the Plan) in the place of another (You or Your Dependent) with reference to a lawful claim, demand or right, so that he or she who is substituted succeeds to the rights of the other in relation to the debt or claim, and its rights or remedies.

Right of Reimbursement

In jurisdictions where subrogation rights are not recognized, or where subrogation rights are precluded by factual circumstances, the Plan will have a right of reimbursement.

If You or Your Dependent recover money from any person, organization, or insurer for an injury or condition for which the Plan paid benefits, You or Your Dependent agree to reimburse the Plan from the recovered money for the amount of benefits paid or provided by the Plan. That means You or Your Dependent will pay to the Plan the amount of money recovered by You through judgment, settlement or otherwise from the third party or their insurer, as well as from any person, organization or insurer, up to the amount of benefits paid or provided by the Plan.

Right to Recovery by Subrogation or Reimbursement

You or Your Dependent agree to promptly furnish to the Plan all information which You have concerning Your rights of recovery from any person, organization, or insurer and to fully assist and cooperate with the Plan in protecting and obtaining its reimbursement and subrogation rights. You, Your Dependent or Your attorney will notify the Plan before settling any claim or suit so as to enable us to enforce our rights by participating in the settlement of the claim or suit. You or Your Dependent further agree not to allow the reimbursement and subrogation rights of the Plan to be limited or harmed by any acts or failure to act on Your part.

GENERAL PROVISIONS

Alternate Service Area Access

An “Alternate Service Area” means the service area(s) covered by health maintenance organizations participating in the Blue Cross and Blue Shield Association Away From Home Care[®] Program outside the state of Texas. For the names of those health maintenance organizations and their service areas or for a list of participating Providers in an Alternate Service Area, please contact customer service at the toll-free telephone number located on Your Identification Card.

If You are temporarily residing in an Alternate Service Area, You may obtain Covered Services in the Alternate Service Area as described in this section. For a Subscriber, coverage is available if You are, or will be, residing in the Alternate Service Area at least ninety (90) days, limited to a maximum of one hundred eighty (180) days. For Dependents, including an eligible Dependent who permanently resides outside the Service Area and is subject to a valid medical court order, coverage is available if Dependent is or will be residing in the Alternate Service Area at least ninety (90) days, limited to a maximum of three hundred sixty-five (365) days. Participants may renew qualification within the Alternate Service Area by submitting a request for Alternate Service Area access and receiving approval from the Claim Administrator.

This Plan remains in full force and effect while You are in the Alternate Service Area, and You may avail Yourself of Covered Services under this Plan by returning to the Service Area. Emergency Care in the Alternate Service Area will be covered in accordance with the terms and conditions of this Plan. Coverage for services other than Emergency Care in the Alternate Service Area will be provided in accordance with the terms and conditions of the Plan in the Alternate Service Area (the “Alternate Plan”) which the Claim Administrator will provide to You at the time of request for Alternate Service Area access. The terms and conditions of the Alternate Plan, including the benefits thereunder, may differ from this Plan and will determine the Covered Services, other than Emergency Care, that You may receive while in the Alternate Service Area.

To qualify for coverage in an Alternate Service Area, You must submit a request for Alternate Service Area access prior to relocating in an Alternate Service Area. You must select a PCP from a list of participating Providers for the Alternate Service Area. The Claim Administrator will determine the date coverage begins for the Alternate Service Area (either the effective date of Participant’s eligibility or the first day of the month following the Claim Administrator’s receipt of the request for Alternate Service Area access). If approved, the Claim Administrator will issue written notification.

The Claim Administrator’s Ownership Interests

The Claim Administrator or its subsidiaries or affiliates may have ownership interests in certain Providers who provide covered services to Participants, and/or vendors or other third parties who provide covered services related to the benefits and requirements of this Plan or provide services to certain Providers.

Assignment

Rights and benefits under the Plan shall not be assignable, either before or after services and supplies are provided. In the absence of a written agreement with a Provider, the Claim Administrator reserves the right to make benefit payments to the Provider or the employee as the Claim Administrator elects. Payment to either party discharges the Plan’s responsibility to the employee, or Dependents for benefits available under the Plan.

Balance Billing And Other Protections

Federal requirements including but not limited to the Consolidated Appropriations Act may impact your benefits. BCBSTX will apply federal requirements to your benefit plan where applicable. For some types of out-of-network care your health care provider may not bill you more than your in-network cost-sharing levels. If you receive the types of care listed below, your cost-share will be calculated as if you received services from an in-network provider. Those cost-share amounts will apply to any in-network deductible and out-of-pocket maximums.

- Emergency care from facilities or providers who do not participate in you network;
- Care furnished by out-of-network providers, during your visit to an in-network facility; and
- Air ambulance services from out-of-network providers, if your plan covers in-network air ambulance services.

GENERAL PROVISIONS

There are limited instances when an out-of-network provider of the care listed above may send you a bill for up to the amount of that provider's billed charges. You are only responsible for payment of the out-of-network provider's billed charges if, in advance of receiving services, you signed a written notice that informed you of:

- the Provider's Out-of-Network status;
- in the case of services received from an Out-of-Network Provider at a network facility, a list of network Providers at the facility who could offer the same services;
- information about whether Prior Authorization or other care management limitations may be required in advance of services; and
- a good faith estimate of the Provider's charges.

Your Provider cannot ask you to be responsible for paying billed charges for certain types of services, including emergency medicine, anesthesiology, pathology, radiology, and neonatology, and other Specialists as may be defined by applicable law.

Cancellation

Except as otherwise provided herein, the Claim Administrator shall not have the right to cancel or terminate any Plan issued to any Subscriber while the Administrative Services Agreement remains in force and effect, and while said Subscriber remains in the eligible class of employees of Group, and his contributions are paid in accordance with the terms of this Plan.

Clerical Error

Clerical error, whether of Group or the Claim Administrator, in keeping any records pertaining to the coverage hereunder will not invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

Entire Plan

This Plan, any attachments, amendments, the Administrative Services Agreement, and the individual applications, if any, of Subscribers constitute the entire contract between the parties and as of the effective date hereof, supersede all other contracts between the parties.

Force Majeure

In the event that due to circumstances not within the commercially reasonable control of the Claim Administrator, the rendering of professional or Hospital Services provided under this Plan is delayed or rendered impractical, the Claim Administrator shall make a good faith effort to arrange for an alternative method of providing coverage. These circumstances may include, but are not limited to, a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of the Participating Providers' personnel or similar causes. In such event, Participating Providers shall render the Hospital and Professional Services provided for under the Plan in so far as practical, and according to their best judgment; but the Claim Administrator and Participating Providers shall incur no liability or obligation for delay, or failure to provide or arrange for services if such failure or delay is caused by such an event.

Form or Content of Plan

No agent or employee of the Claim Administrator is authorized to change the form or content of this Plan except to make necessary and proper insertions in blank spaces. Changes can be made only through endorsement authorized and signed by an officer of the Claim Administrator. No agent or other person, except an authorized officer of the Claim Administrator, has authority to waive any conditions or restrictions of this Plan, to extend the time for making a payment, or to bind the Claim Administrator by making any promise or representation or by giving or receiving any information.

A statement may not be used to void, cancel or non-renew Your coverage or reduce benefits unless it is in a written enrollment application signed by Subscriber and a signed copy of the enrollment application has been furnished to Subscriber or to the Subscriber’s personal representative. Coverage may only be contested because of fraud or intentional misrepresentation of material fact on the enrollment application.

Limitation of Liability

Liability for any errors or omissions by the Claim Administrator (or its officers, directors, employees, agents, or independent contractors) in the administration of this Plan, or in the performance of any duty of responsibility contemplated by this Plan, shall be limited to the maximum benefits which should have been paid under the Plan had the errors or omissions not occurred, unless any such errors or omissions are adjudged to be the result of willful misconduct or gross negligence of the Claim Administrator.

Modifications

AMENDMENTS

CERTIFICATE NO SURPRISES ACT AMENDMENT

Amendment Effective Date: This Amendment is effective on the Employer's Contract Anniversary Date or for the Plan Year of your Employer's Group Health Plan occurring on or after January 1, 2022.

The terms of this Amendment supersede the terms of the Certificate to which this Amendment is attached and becomes a part of the Certificate. Unless otherwise required by Federal or Texas law, in the event of a conflict between the terms on this Amendment and the terms of the Certificate, the terms on this Amendment apply. However, definitions set forth in this Amendment are for purposes of this Amendment only. Additionally, for purposes of this Amendment, references to You and Your mean any Member, including Subscriber and Dependents.

The Certificate is hereby amended as indicated below:

I. PCP Selection

The Plan generally requires the designation of a Primary Care Physician/Practitioner (PCP). You have the right to designate any PCP who participates in our network and who is available to accept You or Your family Members.

Until you make this designation, Blue Cross and Blue Shield of Texas (BCBSTX) designates one for You. For information on how to select a PCP and for a list of the participating PCPs, contact BCBSTX at www.bcbstx.com or customer service at the toll-free number on the back of Your identification card.

For Dependent children, You may designate any Participating Provider who specializes in pediatric care as their Primary Care Physician/Practitioner (PCP).

II. OB/GYN Care

You are not required to obtain a referral or authorization from Your Primary Care Physician/Practitioner (PCP) or Women's Principal Health Care Provider (WPHCP) before obtaining Covered Services from any Participating Provider specializing in obstetrics or gynecology. However, before obtaining Covered obstetrical or gynecological care, the Provider must comply with certain policies and procedures required by Your Plan, including Prior Authorization and referral policies. For a list of Participating Providers who specialize in obstetrics or gynecology, visit www.bcbstx.com or contact customer service at the toll-free number on the back of Your identification card.

III. Continuity of Care

If You are under the care of a Participating Provider as defined in the Certificate who stops participating in the Plan's network (for reasons other than failure to meet applicable quality standards, including medical incompetence or professional behavior, or fraud), You may be able to continue coverage for that Provider's Covered Services at the in-network Benefit level if one of the following conditions is met:

1. You are undergoing a course of treatment for a serious and complex condition,
2. You are undergoing institutional or inpatient care,
3. You are scheduled to undergo nonelective surgery from the Provider (including receipt of postoperative care from such Provider with respect to such surgery),
4. You are pregnant or undergoing a course of treatment for Your pregnancy, or
5. You are determined to be terminally ill.

A serious and complex condition is one that (1) for an acute illness, is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm (for example, if You are currently receiving chemotherapy, radiation therapy, or post-operative visits for a serious acute disease or condition), and (2) for a chronic illness or condition, is (i) life-threatening, degenerative, disabling or potentially disabling, or congenital, and (ii) requires specialized medical care over a prolonged period of time.

Continuity coverage described in this provision shall continue until the treatment is complete but will not extend for more than 90 days beyond the date the Plan notifies You of the Provider's termination, or any longer period provided by state law. If You are in the second or third trimester of pregnancy when the Provider's termination takes effect, continuity of coverage may be extended through delivery of the child, immediate postpartum care, and the follow-up check-up within the first six (6) weeks of delivery. You have the right to appeal any decision made for a request for benefits under this provision, as explained in the Certificate.

"Emergency Services" means, for purposes of this Amendment only,

 3. You have provided informed consent.

"Non-Participating Provider" means, for purposes of this Amendment only, with respect to a covered item or service, a Physician or other health care provider who does not have a contractual relationship with HMO for furnishing such item or service under the Plan to which this Amendment is attached.

"Participating Provider" means, for purposes of this Amendment only, with respect to a Covered Service, a physician or other health care provider who has a contractual relationship with HMO setting a rate (above which the provider cannot bill the member) for furnishing such item or service under the Plan to which this Amendment is attached regardless whether the provider is considered a preferred or in-network provider for purposes of in-network or out-of-network benefits under the subject Plan.

"Participating Facility" means, for purposes of this Amendment only, with respect to Covered Service, a Hospital or ambulatory surgical center that has a contractual relationship with HMO setting a rate (above

2. Federal No Surprises Act Surprise Billing Protections

- a. The federal No Surprises Act contains various protections relating to surprise medical bills on services performed by Non-Participating Providers and Non-Participating Emergency Facilities. The items and services included in these protections (“Included Services”) are listed below.
- Emergency Services obtained from a Non-Participating Provider or Non-Participating Emergency Facility.
 - Covered non-Emergency Services performed by a Non-Participating Provider at a Participating Facility (unless You give written consent and give up balance billing protections).
 - Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider.

b. Claim Payments

For Included Services, the Plan will send an initial payment or notice of denial of payment directly to the Provider.

c. Cost-Sharing

For non-Emergency Services performed by Non-Participating Providers at a Participating Facility, and for Emergency Services provided by a Non-Participating Provider or Non-Participating Emergency Facility, the Recognized Amount is used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance.

For Air Ambulance Services received from a Non-Participating Provider, if the services would be covered if received from a Participating Provider, the amount used to calculate Your cost-share requirements, including Deductibles, Copayments, and Coinsurance, will be the lesser of the Qualifying Payment Amount or billed charges.

For Included Services, these cost-share requirements will be counted toward Your in-network deductible and/or out-of-pocket maximum, if any.

3. Prohibition of Balance Billing

You are protected from balance billing on Included Services as set forth below.

If You receive Emergency Services from a Non-Participating Provider or non-Participating Emergency Facility, the most the Non-Participating Provider or non-Participating Emergency Facility may bill You is Your in-network cost-share. You cannot be balance billed for these Emergency Services unless You give written consent and give up Your protections not to be balanced billed for services You receive after You are in a stable condition.

When You receive Covered Non-Emergency Services from a Non-Participating Provider at a Participating Facility, the most those Non-Participating Providers may bill You is Your Plan’s in-network cost-share requirements. When You receive emergency medicine, anesthesia, pathology, radiology,

laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services at a Participating Facility, Non-Participating Providers can't balance bill You and may not ask You to give up Your protections not to be balance billed. If You get other services at Participating Facilities, Non-Participating Providers can't balance bill You unless You give written consent and give up Your protections.

If Your Plan includes Air Ambulance Services as a Covered Service, and such services are provided by a Non-Participating Provider, the most the Non-Participating Provider may bill You is Your in-network cost-share. You cannot be balance billed for these Air Ambulance Services.

NOTE: The revisions to Your Plan made by this Amendment are based upon the No Surprises Act, a federal law enacted in 2020 and effective for plan years beginning on or after January 1, 2022. To the extent federal regulations are adopted or additional guidance is issued by federal regulatory agencies that alter the terms of this Amendment, the regulations and any additional guidance will control over conflicting language in this Amendment.

BLUE CROSS AND BLUE SHIELD OF TEXAS, A DIVISION OF HEALTH CARE SERVICE CORPORATION

Inter-Plan Arrangements

Out-of-Area Services

The Claim Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Arrangements.” Whenever you obtain healthcare services outside of our Service Area, the claims for those services may be processed through one of these Inter-Plan Arrangements.

Typically, when accessing care outside of our Service Area, you will obtain care from healthcare Providers that have a contractual agreement (i.e., are “participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating Providers. Our payment practices in both instances are described below.

We cover only limited healthcare services received outside of our Service Area. As used in this section, “Covered Services” include Emergency Care, Urgent Care and, with follow-up care obtained outside the geographic area that we serve. Any other services will not be covered when processed through any Inter-Plan Arrangements unless such services are authorized by Claim Administrator.

A. BlueCard® Program

Under the BlueCard Program, when you obtain Covered Services within the geographic area served by a Host Blue, we will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

The BlueCard Program enables you to obtain Covered Services, as defined above, from a healthcare Provider participating with a Host Blue, where available. The participating healthcare Provider will automatically file a claim for you, so there are no claim forms for you to fill out. You will be responsible for the Copayment amount indicated in the Benefit Booklet.

Emergency Care Services: If you experience a Medical Emergency while traveling outside our Service Area, go to the nearest Emergency or urgent care facility.

Whenever you access Covered Services and the claim is processed through the BlueCard Program, the amount you pay for such services, if not a flat dollar Copayment, is calculated based on the lower of:

- the billed charges for Covered Services, or
- the negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” is a simple discount that reflects the actual price the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with an individual Provider or a Provider group that may include settlements, incentive payments, and/or other credit or charges. Occasionally, it may be an average price based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

NOTICE

BLUE CROSS AND BLUE SHIELD OF TEXAS, A DIVISION OF HEALTH CARE SERVICE CORPORATION

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, Claim Administrator would then calculate your liability for any Covered Services according to the applicable law in effect when care is received.

B. Non-Participating Healthcare Providers outside our Service Area

Liability Calculation

Except for Emergency Care and, Urgent Care with follow-up care, services received from a non-participating Provider outside of our Service Area will not be covered.

For Emergency Care and Urgent Care with follow-up care services received from non-participating Providers within the state of Texas, please refer to the “Emergency Services” section of the benefit booklet.

For Emergency Care and, Urgent Care with follow-up care services that are provided outside of the state of Texas by a non-participating Provider, the amount(s) you pay for such services will be calculated using the methodology described in the “Emergency Services” section for non-participating Providers located inside our Service Area. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

C. Blue Cross Blue Shield Global Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands you may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts/deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services.

You must contact the Claim Administrator to obtain Prior Authorization for non-emergency inpatient services.

- **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands, you must submit a claim to obtain reimbursement. For institutional and professional

NOTICE

claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from the Plan, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

NOTICE

CONTINUATION COVERAGE RIGHTS UNDER COBRA

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE AFTER TERMINATION (COBRA). See your employer or Group Administrator should you have any questions about COBRA.

INTRODUCTION

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage may be available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

HOW IS COBRA COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive

up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

1. Next Level shall provide the services selected from the option set forth in Schedule 1 to employees that participate in the Program.
2. Next Level is not offering the Program as a health insurance plan or a substitute for health insurance. Rather, the Program is being offered to Employer under the Plan to provide additional acute and primary care medical services to participants in the plan (referred to as "Prime members").
3. Next Level shall maintain full autonomy with respect to patient care, medical decisions, recordkeeping, and any other service deemed the practice of medicine.

Performance Guarantee: At the end of each contract year, if the total of the monthly fees paid to Next Level Prime exceeds the total amount of the provided service value (estimated insurance billing) for all covered individuals, Next Level will refund the difference. If the total of the monthly fees paid to Next Level Prime do not exceed the total amount of the provided service value (estimated insurance billing) for all covered individuals no adjustments will be due.
5. Next Level will perform outreach efforts by either email, text message or phone call to the PRIME member to educate and increase utilization within the Employer's eligible Plan population. Employer is responsible for providing Next Level accurate contact information for their eligible population. Next Level will commit to at least two outreach efforts per month and report those efforts to the Employer with the Employer's monthly utilization reports.

6. Next Level will commit to providing Employer's eligible population scheduled appointments within 24 hours of the PRIME member calling the PRIME department with request of a scheduled appointment. For purposes of this Section 5, Receiving Party's Group shall mean the Receiving Party's affiliates and its employees, officers, directors, shareholders, partners, members, managers, agents, independent contractors, attorneys, accountants, and financial advisors.  1. Agreement, and with respect to Confidential Information, the rights and obligations set forth in Section 5 hereof will survive such termination or expiration of this Agreement.

6. Effects of Termination. In the event of a termination of this MTC, Next Level shall continue to operate the Program through the designated termination date. However, if the termination date falls on any date other than the last day of the month, Next Level shall continue to operate the Program until the last day of the month of the termination date. For example, if the termination date is March 15, Next Level shall operate the Program through March 31.

7. Fee. In exchange for participating in the Program, Employer agrees to pay the monthly fees set forth in Schedule 1.

8. This is Not Health Insurance. The Employer acknowledges and agrees that it is not purchasing the Program as a group health insurance plan or a substitute for group health insurance. Rather, the Employer is purchasing the Program as an additional benefit offering under the Plan to obtain medical services at a discounted rate for its employees and dependents who are enrolled in and participate in the Plan. Additionally, the Employer acknowledges and agrees that the Program does not replace any existing or future group health insurance or group health plan coverage that the Employer may offer to its employees and their dependents, but rather, as noted, is a service being offered and provided under the Plan.

9. Employer Responsibility. The Employer is solely responsible for determining whether the Program is appropriate for inclusion under the Plan and for ensuring the Plan is compliant with all applicable laws, including but not limited to the implications of participating in the Program if the Employer offers under the Plan, a High Deductible Health Plan design option that can be paired with a Health Savings Account. The Employer agrees to indemnify and hold Next Level harmless with regard to any claims related to the matters discussed in this Section 9.

10. Independent Contractor. Each of the parties to this MTC is an independent contractor and neither is an agent, employee, or representative of the other. Neither Party will represent itself as an agent of the other or assume or create any obligation in the name of the other.

This MTC and all related documents including all exhibits and schedules attached hereto, and all matters arising out of or relating to this MTC, whether sounding in contract, tort, or statute are governed by, and construed in accordance with, the laws of the State of Texas, United States of America, without giving effect to the conflict of laws provisions thereof to the extent such principles or rules would require or permit the application of the laws of any jurisdiction other than those of the State of Texas.

12. Choice of Forum. Each Party irrevocably and unconditionally agrees that it will not commence any action, litigation, or proceeding of any kind whatsoever against the other Party in any way arising from or relating to this MTC, including all exhibits, schedules, attachments, and appendices attached to this MTC, and all contemplated transactions, including, but not limited to, contract, equity, tort, fraud, and statutory claims, in any forum other than the United States District Court for the Southern District of Texas or the courts of the State of Texas sitting in Harris County, Texas, and any appellate court from any thereof. Each Party irrevocably and unconditionally submits to the exclusive jurisdiction of such courts and agrees to bring any such

action, litigation, or proceeding only in the United States District Court for the Southern District of Texas or the courts of the State of Texas sitting in Harris County, Texas. Each Party agrees that a final judgment in any such action, litigation, or proceeding is conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

13. WAIVER OF JURY TRIAL. EACH PARTY ACKNOWLEDGES THAT ANY CONTROVERSY THAT MAY ARISE UNDER THIS MTC, INCLUDING EXHIBITS, SCHEDULES, ATTACHMENTS, AND APPENDICES ATTACHED TO THIS MTC, IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS MTC, INCLUDING ANY EXHIBITS, SCHEDULES, ATTACHMENTS, OR APPENDICES ATTACHED TO THIS MTC, OR THE TRANSACTIONS CONTEMPLATED HEREBY.

14. Indemnification. Each Party (the “Indemnifying Party”) shall indemnify, protect, defend and hold harmless the other Party (the “Indemnified Party”), its officers, directors, agents, representatives, affiliates, partners, members and their respective successors and assigns, from and against any loss, liability, claim, damage and expense (including attorneys’ fees) arising out of or based upon: (a) the Indemnifying Party’s breach of this MTC; or (b) the Indemnifying Party’s false representation or misrepresentation to the Employer’s employees or their dependents regarding the services contemplated by this MTC, including the cost for the services offered under the Program and performed by Next Level.

15. Entire Agreement. BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement ("**Agreement**") supplements, amends and is made a part of the services arrangement ("**Services Arrangement**"), between Gulf Coast Regional Blood Center (the "**Company**", "**Employer**," or "**Plan Sponsor**") with respect to the Gulf Coast Regional Blood Center Comprehensive Welfare Benefits Plan ("**Covered Entity**" or "**Plan**") and [NLUC, PLLC]("**Associate**"), and is effective as of the effective date of the Services Arrangement (the "**Agreement Effective Date**"), except as otherwise provided below. This Agreement supersedes and replaces any prior Business Associate Agreement between Associate and Covered Entity or the Company on behalf of Covered Entity. Covered Entity, Company, and Associate will be parties to this Agreement.

RECITALS

WHEREAS, the Services Arrangement requires Associate to have access to and/or to collect or create Protected Health Information ("**PHI**") in order to carry out Associate's functions on behalf of Covered Entity;

WHEREAS, Covered Entity and Associate intend to protect the privacy and provide for the security of PHI disclosed, collected or created by Associate pursuant to the Services Arrangement in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("**HIPAA**"), and the regulations promulgated thereunder with respect to the privacy and security of PHI, including, without limitation, the regulations codified at 45 CFR Parts 160 and 164 (the "**Regulations**"), and other applicable laws including the Health Information Technology for Economic and Clinical Health Act of 2009 ("**HITECH**"), in each case, as amended from time to time;

WHEREAS, the Regulations require Covered Entity to enter into an agreement with Associate containing certain requirements with respect to the use and disclosure of PHI and which are contained in this Agreement;

WHEREAS, the Security Standards adopted pursuant to HIPAA (the "**Security Standards**") require Covered Entity to amend the Business Associate Agreement to include certain requirements with respect to the creation, receipt, maintenance and transmission of electronic PHI ("**ePHI**") and which are contained in this Agreement; and

WHEREAS, Covered Entity is a "hybrid entity," as such term is defined in section 164.504 of the Regulations, that has designated those of its components that constitute "health care components," as such term is defined in section 164.103 of the Regulations, has documented such designation as required pursuant to section 164.105(a)(2)(iii)(C) of the Regulations and has established adequate separation between such health care components and the non-health care components as required by section 164.105 of the Regulations. The terms of this Agreement will apply with respect to the designated health care components of Covered Entity.

NOW, THEREFORE, in consideration of the mutual promises contained herein and the exchange of information pursuant to this Agreement, the parties agree as follows:

1. Definitions

Capitalized terms used herein without definition will have the meanings ascribed thereto in the Regulations as modified by HITECH, and as amended from time to time.

2. Obligations of Associate

(a) Permitted Uses and Disclosures

Associate may Use and Disclose PHI only as required to satisfy its obligations or as permitted under the Services Arrangement, or as permitted or required by law, but will not otherwise Use or Disclose any PHI. Associate will not Use or Disclose, and will ensure that its directors, officers and, employees do not Use or Disclose, PHI in any manner that would constitute a violation of the Regulations if done by Covered Entity, except that Associate may Use and Disclose PHI (i) for the proper management and administration of Associate, (ii) to carry out the legal responsibilities of Associate, or (iii) to provide Data Aggregation services relating to the health care operations of Covered Entity. Further, Associate will not Use or Disclose PHI unless such Use or Disclosure respectively satisfies each applicable requirement of section 164.504(e) of the Regulations.

(b) Disclosure of Protected Health Information to Plan Sponsor

Covered Entity acknowledges and agrees that the Regulations allow Covered Entity to permit Associate to Disclose or provide access to PHI, other than Summary Health Information or enrollment or disenrollment information, to Plan Sponsor only after Plan Sponsor has amended its plan documents to provide for the permitted and required Uses and Disclosures of PHI and to require Plan Sponsor to provide a certification to the Plan that certain required provisions have been incorporated into the Plan documents and that the Plan Sponsor agrees to abide by such provisions. The Plan Sponsor must make such amendments and provide such certification before the Plan may Disclose, either directly or through a business associate, such as Associate, any PHI to Plan Sponsor. Covered Entity hereby warrants and represents that no PHI (other than enrollment or disenrollment information) will be provided to Plan Sponsor in its capacity as Plan Sponsor or Employer or to any of its employees, agents or other persons under its control except as provided in section 2(c) of this Agreement. However, Associate understands that Plan Sponsor has made the requisite Plan document amendments and provided the appropriate certification to the Plan and will provide a copy of such certification to Associate should the need arise.

(c) Other Information to Plan Sponsor or Plan

Upon the written request of Covered Entity or Plan Sponsor, Associate will provide certain other information including, but not limited to, information about Associate's arrangements with health care providers ("Other Information") to Plan Sponsor's designated employees. Plan Sponsor acknowledges that in receiving Other Information under these provisions, it acts in its capacity as Plan Administrator, as that term is defined by the Employee Retirement Income Security Act of 1974, as amended. Other Information will be kept confidential and will be used by Plan Sponsor solely for the purpose of satisfying its fiduciary responsibilities with respect to administration of the Plan, and will be handled and maintained in accordance with all fiduciary obligations owed to participants in the Plan.

(d) Safeguards Against Misuse of Information

Associate agrees that it will use appropriate safeguards to prevent the Use or Disclosure of PHI other than as allowed under the terms and conditions of this Agreement or as permitted or required by law. Associate also agrees that it will reasonably and appropriately protect the Confidentiality, Integrity, and Availability of ePHI that it creates, receives, maintains, or transmits on behalf of Covered Entity by implementing (i) Administrative Safeguards as described in section 164.308 of the Regulations, (ii) Physical Safeguards described in section 164.310 of the Regulations, and (iii) Technical Safeguards described in section 164.312. The Administrative, Physical, and Technical Safeguards will be appropriate to the size and complexity of the Associate's operations and the nature and scope of its activities and will utilize the technical safeguards described in the applicable guidance issued by the Secretary in accordance with HITECH. Associate further agrees to (i) maintain a comprehensive written information privacy and security program that includes Administrative, Physical, and Technical safeguards and (ii) document such policies, procedures, actions, activities, or assessments as required under section 164.316 of the Regulations. Whenever possible, Associate agrees to secure all PHI as described in applicable guidance issued by the Secretary of Health and Human Services as described in section 13402(h)(2) of HITECH. Associate further agrees to ensure that any agent, including a subcontractor, to whom it provides such ePHI agrees to implement reasonable and appropriate safeguards as described in this Section to protect the ePHI.

(e) Duty to Mitigate

Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Associate of a Use or Disclosure of PHI by Associate in violation of the requirements of this Agreement.

(f) Reporting of Improper Use or Disclosure

Associate will report to Covered Entity, by telephone or via email, a Security Incident and/or any Use or Disclosure of PHI involving one or more of Covered Entity's members, including a Breach, other than as contemplated by the Services Agreement and this Agreement as soon as administratively possible following the discovery of such Security Incident and/or Use or Disclosure. The notification will trigger a 72 hour period of mutual cooperation during which time Associate and Covered Entity will work in a collaborative manner to (i) discover the cause of the Security Incident and/or Use or Disclosure, (ii) plan a resolution and (iii) initiate the resolution as required by federal and state laws and regulations. In connection with such plan of resolution, Associate will take (i) prompt action to cure any such deficiencies as reasonably requested by Covered Entity, and (ii) any action pertaining to such Security Incident and/or unauthorized Use or Disclosure required by applicable federal and state laws and regulations.

(g) Notification of Breach

- (i) **Notification to Covered Entity by Associate.** Except as required by section 164.412 of the Regulations (regarding law enforcement delay),

Associate will report to Covered Entity, by telephone, a Breach within a reasonable time of becoming aware of such Breach (but no later than 12 hours thereafter) and, within 5 business days, will confirm such notice and provide a description of the Breach in writing via facsimile transmission. The description will include the identification of each individual whose unsecured PHI has been or is reasonably believed to have been accessed, acquired, or disclosed as a result of such Breach and any other information that Covered Entity is required to include in the notification to the individual under section 164.404(c), as described in Section 2(g)(ii) below.

- (ii) **Notification to Individuals and Secretary on Behalf of Covered Entity.** Unless Covered Entity advises Associate otherwise (within 5 business days of the date it receives notice of the Breach), Associate will provide the notice required by section 164.404(c) of the Regulations to such affected Individuals in the time and manner required by section 164.404(d) of the Regulations. Such notification will (1) describe the Breach in detail, including the date of the Breach, and the date of discovery of the Breach if known, (2) describe the types of unsecured PHI that were involved in the Breach (such as whether full name, Social Security number, date of birth, home address, account number, diagnosis, disability code or other types of information were involved), (3) describe the steps, if any, individuals should take to protect themselves from potential harm resulting from the breach, (4) describe the steps that Associate is taking on behalf of Covered Entity to investigate the breach, mitigate harm to individuals and protect against future breaches and (4) include a toll-free number provided by Associate for individuals to call to ask questions or learn additional information. In addition, in cases in which there is insufficient or out-of-date contact information that precludes written notification to the affected individual, Associate will provide a substitute notice to the affected individual as required in section 164.404(d)(2) of the Regulations and, in the event the situation is urgent, Associate may utilize any of the alternate means of providing notice described in section 164.404(d)(3) of the Regulations. Associate shall coordinate with Covered Entity any notification required to the media under sections 164.404(d)(2)(ii)(A) or 164.406 of the Regulations and any posting required on Covered Entity's web site under section 164.404(d)(2)(ii)(A) of the Regulations.

In the event that a Breach involves 500 or more Individuals and is not excepted by section 164.412 of the Regulations Associate will, to the extent applicable, and after consultation with Covered Entity and providing Covered Entity the opportunity to review and comment on any notices, provide notice to the media and the Secretary of such Breach at the same time as it notifies affected Individuals in the manner required by sections 164.406 and 164.408 of the Regulations. For Breaches involving less than 500 Individuals, Associate will maintain a log of such Breaches for each calendar year and provide such log to Covered Entity no later than January 31 of the following calendar year so that Covered Entity, or Associate on its behalf, can make the notification to the Secretary required by 164.408(c). Unless Covered Entity advises

Associate otherwise, within 5 business days of the date it receives notice of the log Associate will provide the notice required by section 164.408(c).

- (iii) **Additional Obligations of Associate.** In order to meet its obligations under this delegation, Associate will (A) investigate any impermissible use or disclosure of PHI; (B) assess whether there is a significant risk of financial, reputational, or other harm to the affected individuals, (C) determine whether the impermissible use or disclosure falls under one of the exclusions to the definition of Breach in section 164.402 of the Regulations, (D) document and retain the risk and exclusion analysis for each impermissible use or disclosure and provide such analysis to Covered Entity without unreasonable delay.

(h) **Disclosures to and Agreements by Third Parties**

- (i) **Agents and Subcontractors.** Associate will ensure that each agent and subcontractor to whom it provides PHI received from the Plan, or created by Associate on behalf of the Plan agrees in writing to substantially similar restrictions and conditions with respect to PHI that apply to Associate pursuant to this Agreement. Disclosure of such PHI by Associate must comply with each applicable requirement of section 164.504(e) of the Regulations. Associate agrees to promptly notify the Plan of any entities that Associate uses for data transmission services and who require access on a routine basis and agrees to require such entities to enter Business Associate agreements with the Plan.
- (ii) **Designated Third Parties.** Upon Covered Entity's or Employer's written request, Associate will provide PHI and/or Other Information to certain designated third-parties who assist in administering the Plan and are authorized by Covered Entity to receive such information ("**Designated Third Parties**") solely for the purpose of assisting in the carrying out of Plan administration functions. Such parties may include, but are not limited to, third-party administrators, consultants, brokers, auditors, successor administrators or insurers, and stop-loss carriers. Covered Entity will enter into an agreement with each agent, and will enter into or have its agent enter into on its behalf an agreement with each subcontractor or other third party, to which it directs Associate to Disclose PHI under which such agent, subcontractor or other third party is legally bound by substantially similar restrictions with respect to PHI that apply to Associate pursuant to this Agreement.
- (iii) **Minimum Necessary.** It is acknowledged and agreed that the Regulations require Covered Entity to maintain policies and procedures to ensure that any PHI that it Uses, requests or Discloses be no more than the minimum necessary to accomplish the intended purpose. Covered Entity hereby warrants and represents that any requests that it makes for PHI to be Disclosed to it or to any third parties will be for no more than the minimum amount necessary for the intended purpose.

(i) **Access to PHI**

- (i) **Request Made to the Plan.** When an individual requests access to PHI contained in a Designated Record Set maintained by or on behalf of the Plan by Associate and such request is made directly to the Plan or Employer, the Plan will so notify Associate within five (5) business days of receipt of such request. Associate will make such PHI available directly to the individual within the time required in section 164.524 of the Regulations. Effective February 17, 2010, Associate will provide a copy of PHI in an "electronic health record" as defined in section 13400(5) of HITECH in an electronic format in the manner required under section 13405(e) of HITECH.
- (ii) **Request Made to Associate.** If an Individual directs a request for access to PHI contained in such Designated Record Set to Associate, Associate will provide the PHI to the individual within the time required in section 164.524 of the Regulations.
- (iii) **Responsibility for Denials and Responding to Requests.** In the case of either subparagraph (i) or (ii) above, the Plan delegates to Associate the duty to determine, on behalf of the Plan, whether to deny access to PHI requested and the duty to provide any required notices and review. Associate will maintain a record of all requests for access to PHI and the disposition thereof for the term of the Services Arrangement and will provide such record to the Plan promptly upon request.
- (iv) **Agent for the Plan.** It is understood and agreed that in all activities performed pursuant to this Section, Associate acts as agent of and on behalf of the Plan and/or Employer. When responding to an individual's request for access, it may inform such individual of that fact and that there may be other PHI about that individual created or maintained by the Plan and/or its other Business Associates and not included in Associate's response. Associate will not be responsible for performing any of the duties described herein with respect to any such other PHI.

(j) **Amendment of PHI**

- (i) **Handling of Requests by Associate.** When an individual requests amendment of PHI contained in a Designated Record Set and created or received by Associate or its subcontractors, and such request is made directly to the Plan or Employer, within five (5) working days of its request, the Plan will forward such request to Associate for handling except that the Plan will retain and handle all requests to the extent that they pertain to individually identifiable health information (*i.e.*, enrollment information) originated by the Plan, Plan Sponsor, or its other business associates. Associate will respond to such forwarded requests as well as to any such requests that it receives directly as required by section 164.526 of the Regulations except that Associate will forward to the Plan for handling any requests for amendment of individually identifiable health information (*i.e.*, enrollment information) originated by the Plan, Plan Sponsor or its other business associates.

- (ii) **Responsibility for Denial of Request.** With respect to those requests handled by Associate under subparagraph (i) above, the Plan delegates to Associate the duty to determine, on behalf of the Plan, whether to deny a request for amendment of any PHI and the duty to provide any required notices and review as well as, in the case of its determination to grant such a request, the duty to make any amendments in accordance with the terms of the Regulations. Associate will maintain a record of all requests for amendment of PHI and the disposition thereof for the term of the Services Agreement. In all other instances, the Plan retains all responsibility for handling such requests, including any denials, in accordance with the Regulations.
- (iii) **Amendments by the Plan.** Whenever Associate is notified by the Plan that the Plan has agreed to make an amendment pursuant to such a request which it handles hereunder, Associate will incorporate any such amendments in accordance with section 164.526 of the Regulations.
- (iv) **Agent for the Plan.** It is understood and agreed that in all activities performed pursuant to this Section, Associate acts as agent of, and on behalf of, the Plan and/or Employer. When responding to requests for amendment of PHI, Associate may inform such individual of that fact and that there may be other PHI about that individual created or maintained by the Plan and/or its other Business Associates and not included in Associate's response. Associate will not be responsible for performing any of the duties described herein with respect to any such other PHI.

(k) Accounting Rights

- (i) **Request Made to the Plan.** When an individual requests an accounting of Disclosures of PHI created or maintained by Associate on behalf of the Plan pursuant to section 164.528 of the Regulations, and such request is made directly to the Plan or Employer, the Plan will so notify Associate within five (5) business days of receipt of such request. Associate will provide the accounting to the individual within the time required in section 164.528 of the Regulations.
- (ii) **Request Made to Associate.** If a Participant directs a request for such an accounting to Associate, Associate will provide the accounting to the participant within the time required in section 164.528 of the Regulations.
- (iii) **Responsibility for Denial of Request.** In the case of any request for accounting under subparagraph (i) or (ii) above, the Plan delegates to Associate the duty to determine, on behalf of the Plan, whether to provide such an accounting and to provide any required notices and review in accordance with the terms of the Regulations. Associate will maintain a record of all requests for accounting of PHI and the disposition thereof for the term of the Services Arrangement. In addition, Associate will maintain a record of all Disclosures of PHI made with respect to or on behalf of Covered Entity since the Agreement Effective Date, which record, at a minimum, will include (A) the date of the Disclosure, (B) the name of the person or entity who received the PHI and, if known, the address of such

entity or person, (C) a brief description of the PHI Disclosed, and (D) a brief statement of the purpose of the Disclosure. Such record of Disclosures of PHI will be provided to Covered Entity upon request or expiration of the Services Arrangement. Associate will provide such record to the Plan promptly upon request.

- (iv) **Agent for the Plan.** It is understood and agreed that in all activities performed pursuant to this Section, Associate acts as agent of, and on behalf of, the Plan and/or Employer. When responding to requests for an accounting of Disclosures, Associate may inform such individual of that fact and that there may be other Disclosures of PHI about that individual made by the Plan and/or its other Business Associates and not included in Associate's response. Associate will not be responsible for performing any of the duties described herein with respect to any such other PHI or Disclosures.

(l) Governmental and Covered Entity Access to Records

Associate hereby agrees to make its internal practices, books and records relating to the Use and Disclosure of PHI available to the Secretary for purposes of determining Covered Entity's compliance with the Regulations. Associate will promptly notify Covered Entity of any request for access to such records by the Secretary.

Associate agrees to provide Covered Entity access to its facilities, books, records and other processes regarding the Use and Disclosure of PHI under this Agreement so Covered Entity may verify that Associate is complying with HIPAA and the Regulations on behalf of Covered Entity as provided in this Agreement. Covered Entity will execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by Associate. In the event Covered Entity has reasonable grounds to suspect an issue or practice by Associate may constitute a material breach of this Agreement by Associate, Covered Entity will notify Associate of such alleged issue or practice. Associate will provide a written response, within a reasonable time after receipt of this notice, to Covered Entity addressing the issue raised and outlining steps to resolve the issue. If Covered Entity is still not satisfied that the issue has been resolved, it may treat such action as a material breach of this Agreement as provided pursuant to Section 4.

(m) Minimum Necessary

Associate (and its agents or subcontractors) will only request, Use and Disclose the minimum amount of PHI necessary to accomplish the purpose of the request, Use or Disclosure in accordance with section 164.502(b) of the Regulations, section 13405(b)(1) of HITECH, and subsequent guidance issued by the Secretary of Health and Human Services, as applicable. Covered Entity hereby warrants and represents that any requests that it makes for PHI to be Disclosed to it or to any third parties will be for no more than the minimum amount necessary for the intended purpose.

(n) Additional HITECH Requirements

Associate agrees to comply with the additional requirements of HITECH related to privacy and security and which HITECH makes applicable to Business Associates as of the applicable effective dates as provided in HITECH or as extended by subsequent guidance.

(o) State Privacy Laws

Associate will comply with state privacy laws to the extent that such state privacy laws apply to Covered Entity and are not preempted by HIPAA.

3. Obligations of Covered Entity

(a) Notice of Privacy Practices

Covered Entity will upon request provide Associate with a copy of its notice of privacy practices that Covered Entity produces in accordance with section 164.520 of the Regulations as well as any changes to such notice.

(b) Restrictions on PHI

Covered Entity will notify Associate of any restriction to the Use or Disclosure of PHI that Covered Entity has agreed to in accordance with section 164.522 of the Regulations, to the extent that such restriction may affect Associate's Use or Disclosure of PHI pursuant to the terms of this Agreement. Associate agrees to comply with a restriction to which Covered Entity has agreed.

4. Termination

(a) Breach

Upon Covered Entity's knowledge of a material breach of this Agreement by Associate, Covered Entity will provide not less than twenty (20) days written notice of its intent to terminate the Services Arrangement if Associate does not cure such material breach no later than the end of the written notice period. If Associate does not cure the breach within such time, then Covered Entity may, in its sole discretion, either (i) terminate the Services Arrangement, if feasible, or (ii) if termination of the Services Arrangement is not feasible, Covered Entity will report Associate's breach or violation to the Secretary.

(b) Restrictions on PHI

The parties hereto agree that if it is not feasible for Associate to return or destroy PHI at termination of the Services Arrangement, the provisions of this Agreement will survive termination of the Services Arrangement and Associate will limit any further Uses and Disclosures of such PHI to the purpose or purposes which make the return or destruction of such PHI infeasible.

5. Indemnity

The indemnification provisions in the Services Arrangement will apply to this Agreement.

6. Disclaimer

Covered Entity makes no warranty or representation that compliance by Associate with this Agreement, HIPAA or the Regulations will be adequate or satisfactory for Associate's own purposes.

7. Amendment

In the event of a material change in the HIPAA Regulations or state law affecting the Use or Disclosure of PHI, Covered Entity may amend this Agreement and the Services Arrangement as necessary to comply with the change in the law or regulation and notify Associate of any such amendment in writing. Such amendment will become effective thirty (30) days after receipt by Associate, unless Associate objects in writing.

8. No Third Party Beneficiaries

Nothing express or implied in the Services Arrangement or this Agreement is intended to confer, nor will anything herein confer, upon any person other than Covered Entity, Associate and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

9. Effect on Services Arrangement

Except to the extent inconsistent with this Agreement, all other terms of the Services Arrangement will remain in full force and effect.

10. Interpretation

The provisions of this Agreement will prevail over any provisions in the Services Arrangement that may conflict or appear inconsistent with any provision in this Agreement. This Agreement and the Services Arrangement will be interpreted as broadly as necessary to implement and comply with HIPAA and the Regulations. The parties agree that any ambiguity in this Agreement will be resolved in favor of a meaning that complies and is consistent with HIPAA and the Regulations, each as amended. References to the Regulations or any specific section of the Regulations will be deemed to (a) include any amendments made from time to time, including amendments required by HITECH and (b) be a reference to any successor provisions of such rule.

11. Governing Law

This Agreement will be construed in accordance with the laws of the State set forth in the Services Arrangement. If no State law is specified in the Services Arrangement, this Agreement will be construed in accordance with the laws of the State of Delaware.

12. Notices

All notices required or permitted under this Agreement will be in writing (except as otherwise required by Section 2(f) or Section 2(g)) and sent to the other party as directed below or as otherwise directed by either party, from time to time, by written notice to the other. All such notices will be deemed validly given upon receipt of such notice by certified mail, postage prepaid, facsimile transmission (solely with respect to notification pursuant to Section 2(f) or Section 2(g)) or personal or courier delivery:)
