

Help protect yourself, your family and your budget from the financial impact of a critical illness.

Why Critical Illness Insurance matters

Contrary to what many people believe, medical insurance may only cover a portion of the expenses associated with treating a serious illness. Plus, additional costs that often come with recovering, like childcare, transportation, and grocery delivery, may be left up to you. Critical Illness Insurance can provide you with a benefit that can help you pay for unexpected costs, such as those that your existing medical insurance may not cover.

Handling the emotions that come up when experiencing illnesses such as a cancer¹ diagnosis, heart attack,² or stroke³ is difficult enough. Worrying about your financial stability on top of this can obviously be overwhelming. With Critical Illness Insurance, MetLife can help you and your family have the financial stability necessary to completely focus on healing during a difficult time.

When critical illness affects your family, you'll have the financial support when it matters most.

An example of how Critical Illness Insurance can help.

"Tricia never would have expected to suffer a heart attack. But one day while teaching English class, she felt an intense shortness of breath and pain in her jaw. Luckily, the school nurse called 911. The last thing Tricia needed was to worry about finances — she just had to focus on getting better. Critical Illness Insurance helped Tricia pay for things that medical insurance didn't cover, like specialist co-pays and extra help around the house, while she recovered."*

Frequently Asked Questions

I have a medical plan at work, so why do I need Critical Illness Insurance?

- A. Even the best medical and disability income plans can leave you with extra expenses like medical plan deductibles and co-pays or extra costs for out-of-network care. And if you're out of work because of a disability, it might be that only a portion of your pre-disability income is being paid to you. Many people aren't prepared to handle the extra costs that can come with a critical illness, so having this extra cash as a lump-sum payment may mean less worry for you and your family.

Can I enroll for this insurance without having a medical exam?

- A. **Yes. Your critical illness coverage is guaranteed,**⁶ regardless of your health. You need to be actively at work to be covered. There are no medical exams to take and no health questions to answer, so the whole process might be easier than you think.

Are benefits paid directly to me or my healthcare provider?

- A. **Benefits will be paid directly to you,** not to the doctors, to the hospitals, or to any other healthcare providers. There's no need to coordinate with any other insurance you may have. Benefits are paid no matter what your other insurance plans may cover or pay.

When does my coverage begin?

- A. **Your coverage starts on the effective date.** There are no waiting periods for Critical Illness Insurance benefits to begin.

How do I pay for my coverage and how much will it cost?

- A. **You pay premiums through payroll deductions,** so you don't have to worry about writing any checks or missing payments. **Critical illness insurance is designed to supplement your healthcare and disability plans and may be more affordable than you think.** Exact rates can be found in the enrollment materials provided by your employer.

If my employment status changes, can I take my coverage with me?

- A. **Yes. This coverage is portable, meaning you can take it wherever you go.** Your coverage will only end if you stop paying your premium or if your employer offers you similar coverage with a different insurance carrier.⁷
